

HP ExpertOne

HP SaaS Partner Pack

Registration Instructions

Please follow these instructions:

This course has been created to provide you with convenient access to assets to help you partner with and promote HP Software as a Service (SaaS) solutions. Assets and content for this course, HP SaaS Partner Pack, are stored on the HP Software Partner Central portal [SaaS Documentation >](#)

Here you will find current printed and multimedia materials including solution brochures, datasheets, videos, and other documentation and links to support your sales efforts.

HP Software Partner Central is the online enablement resource for HP Software partners. Access to it is restricted to HP employees and HP Software partners. To gain access to HP Software Partner Central, please follow steps described on [Partner Central Access](#)
